City of Los Angeles Mail - Beachwood Drive Dangerous

coming down, IN the street IN THE DARK. They have no flashlights. I had to tell two different people to put out their cigarettes. They are all here because the City invites, promotes, and sanctions this dangerous and illegal behavior.

When I came home tonight (around 6pm) I was surprised to find a full-size private tour bus stopped at the intersection of Beachwood and Belden. I don't remember the name on the side, but from the maneuvering I got the impression the driver planned to continue up the hill but was hesitating. At the same time, groups of hikers were coming down Beachwood in the dark, most of them wearing dark clothing and none of them carrying flashlights.

I can imagine all sorts of scenarios, none of them good.

So much for the fence & enforcement. All these people all jumped the fence before sunset. Where is enforcement? Nowhere. Anything short of shutting the illegal Vista down is a joke.

We're all waiting on pins & needles for yet a fourth fire there. It's only a matter of time before that happens.

Dear City Officials,
Another report.

I just returned home at noon today, Sat. Feb 13th.

I drove the half mile on Beachwood Drive from the village to my house—probably takes around a minute.

I counted 104 PEOPLE IN THE STREET!!!!
A nice place is this, an' what? You really believe

Again when is this enough? You really believe this is still a residential neighborhood? You should be the ones pushing to shut this down instead of us having to bleed with you.

You should be the ones rushing to shut this down instead of us having to plead with you. No, the city would find this acceptable.

No other city would find this acceptable.
Shut this down.

Shut this down
